Annapolis Waterfront Hotel, Autograph Collection

The Annapolis Waterfront Hotel Reemerges From Multi-Million Dollar Renovation and Brand Refresh

The Annapolis Waterfront Hotel, a member of Marriott International's Autograph Collection, is stepping out with a reimagined guest experience inside and out following a comprehensive, multi-million dollar renovation. From the exterior to the 150 guest rooms to the extensive meetings and event spaces, paired with an overall brand refresh, the timeless charm of seaside hospitality both the hotel and destination are known for, shine brighter than ever.

The expression "fair winds and following seas" has long been used to wish safe travel at sea, offering a sense of security and peace meant to comfort any traveler. At the newly renovated Annapolis Waterfront Hotel, the only hotel in the destination situated on the water, this mantra is lived out in every gracious detail thanks to Washington, D.C.-based design firm Baskervill. The renovation brings the historic hotel's harborside location inside with a maritime-inspired design.

Upon arrival, immediately noticeable is the building's original brick façade, now a welcoming white, set off beautifully by new awnings, lighting, furniture, and planters to complete the contemporary-meets-coastalclassic look. Ocean hues of blues, grays, and tans beckon guests in, richly layering fabric and textural accents, complemented by natural materials in furniture and accessories throughout the rooms and public areas. An eclectic collection of artwork, curated assortment of furniture and organic patterns inspired by the graceful movement of the winds and seas gives the space a charming and residential feel, all complemented by unparalleled harbor views.

Enhancing the existing water and vibrant city views, each of the 150 guest rooms and the signature Waterfront Harbor Suite boast thoughtful details inspired by elements of a sailboat, with warm tones and textures derived from the sailboat cabins in the hull of a vintage seafaring vessel. Featuring walnut hardwood floors reminiscent of a boat deck and a tufted channel headboard with brass nailheads inspired by nautical hardware, guests are welcomed with bright white linens with coastal blue trim. Bathrooms have been completely redone in tonal blues and whites. For meetings, events, and weddings, The Annapolis Waterfront Hotel is unmatched with its newly renovated 9 event rooms, over 6,000 square feet of interior event space plus 8,500 square feet of adjoining outdoor event space with stunning harbor views. In the Chesapeake Ballroom, which walks out to an open-air patio event and dining space overlooking the Annapolis Harbor, subtle nautical influences imbue the space with warmth and familiarity. The essence of a historic, seaside town is infused into all aspects, resulting in an upscale, authentic sense of place.

The location of the Annapolis Waterfront Hotel is irreplaceable and visitors find there is no better place from which to launch their Annapolis exploration, or get down to business with ease. The iconic hotel is also home to Pusser's Caribbean Grille, a waterfront favorite regional restaurant and bar. As the only hotel on the Annapolis waterfront, and surrounded by the bustling boating culture of The Chesapeake Bay, the property is also adjacent to the town square, the Annapolis Yacht Basin and Annapolis Yacht Club. Located at the pedestrian core of the remarkably walkable city and a short walk from the Main Gate of the United States Naval Academy, the Annapolis Waterfront Hotel is an ideal destination for leisure and business travelers.
